EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Julian R. Daulton on 11/23/98.

2. The application has been amended as follows:

In claim 1, line 18 "." has been changed to --; and--.

In claim 1, below line 18 the following paragraph:

nl
--(e) each of said discrete facets of said extension member having a surface area that is different from a surface area of each of said discrete facets of said first and second end caps-- has been inserted.

In claim 17, line 14 "and" has been deleted.

In claim 17, line 15 "(iv)" has been changed to --(v)--.

In claim 17, line 16 "." has been changed to --; and--

In claim 17, below line 16 the following paragraph:

nr
17
--(vi) each of said extension member facets having a surface area that is different from a surface area of each of said first and second end cap facets-- has been inserted.

Art Unit: 3711

In the title “; And Methods” has been deleted.

3. The following is an examiner's statement of reasons for allowance:

The patent to Gathman et al. discloses a 20-sided die having a first end cap, a second end cap and an extension member. The first and second end caps each have an equal number of triangular shaped facets, five each. The extension member has a number of triangular shaped facets, twice as many as each of the end cap facets, ten. All the facets of the 20-sided die have the same surface area. None of the cited references alone or in combination teach the claimed “each of said extension member facets having a surface area that is different from a surface area of each of said first and second end cap facets”.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
